HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L’archive ouverte pluridisciplinaire HAL, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d’enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.
Erratum to: Tame Algebras Have Dense $g$-Vector Fans

International Mathematics Research Notices, Volume 00, Issue 00, Pages 00-00, doi: https://doi.org/10.1093/imrn/rnab105.

When this paper first published online, it contained a number of errors, which have now been corrected online.

The original paper did not clearly state that Pierre-Guy Plamondon and Toshiya Yurikusa were the author of the paper, but that Bernhard Keller was the author of the appendix.

A dedication to the memory of Andrzej Skowroński was missing.
One figure originally appeared as

![Diagram]

It should have appeared as

![Diagram]

One digram originally appeared as

\[
S \xleftarrow{f} \mathcal{M} \xleftarrow{p_2} \mathcal{T}.
\]
It should have appeared as

\[ S \xleftarrow{I_\lambda} I \xrightarrow{I_\rho} M \xleftarrow{P_\lambda} P \xrightarrow{P_\rho} T. \]

In reference 12 “Yıldırım” should have appeared as “Yıldırım”.
